

KANNAN ARORA

Melbourne, VIC, Australia | +61 478 803 611 | kannanarora1143@gmail.com |
GitHub: <http://github.com/kannanarora5> | LinkedIn: <http://linkedin.com/in/kannan-arora-6850b5285>

Final-year Computer Science (Professional) student at RMIT University with hands-on experience delivering full-stack applications, cloud infrastructure on AWS, AI/ML pipelines, CI/CD workflows, and RESTful APIs. Proven communicator who bridges technical and non-technical stakeholders through peer mentoring and large-scale event operations. Brings a growth mindset, structured delivery discipline, and the adaptability to ramp up quickly in any enterprise environment.

EDUCATION

Bachelor of Computer Science (Professional)

Expected July 2026

RMIT University, Melbourne, VIC GPA: **3.4 / 4.0**

Coursework: Cloud Computing · AI & Machine Learning · Databases · Software Engineering · Algorithms & Data Structures · Cyber Security · Web Development · Robotics

TECHNICAL SKILLS

Languages: Java, Python, JavaScript (ES6+), Swift, SwiftUI, C++, Bash, HTML, CSS, PowerShell

Cloud & Infrastructure: AWS (EC2, S3, Lambda, DynamoDB, CloudWatch, API Gateway), Azure (learning), Docker, Linux, CI/CD

Frameworks & Tools: Spring Boot, Node.js, React, ROS2, scikit-learn, NumPy, pandas, Git/GitHub, GitHub Actions

Databases & APIs: SQL, SQLite, PostgreSQL, MySQL, RESTful API design & integration, JSON/XML, schema design

DevOps & Practices: Agile/Scrum, CI/CD pipelines, Docker, unit/integration testing, UAT, technical documentation

Platforms & Tools: Jira/Confluence, MS Teams, Microsoft 365, Xcode, UI/UX design

Spoken Languages: English (Fluent) · Hindi (Fluent) · Punjabi (Fluent) · French (Beginner)

KEY PROJECTS

Stridey - iOS Application *Swift · SwiftUI · Xcode | Apple Foundation Program @ RMIT* [GitHub →](#)

- ▶ Selected as 1 of 35 from 530+ applicants. Built an iOS app helping young adults reconnect with nature via step tracking and photo quests, applying human-centred design and user research throughout.
- ▶ Developed multiple screens end-to-end using SwiftUI, applying design thinking and rapid prototyping principles throughout.

Cloud-Based Music Subscription Platform *AWS: EC2 · S3 · Lambda · DynamoDB · API Gateway · Python* [GitHub →](#)

- ▶ Designed and deployed a scalable multi-service SaaS platform on AWS, provisioning and integrating EC2, S3, Lambda, DynamoDB, and API Gateway end-to-end.
- ▶ Produced system architecture documentation and deployment guides structured for enterprise-level handover and reproducibility.

EventHub - Campus Event Management Platform *Java · Spring Boot · MySQL · Docker · GitHub Actions*

- ▶ Delivered a full-stack application across the complete SDLC in a Scrum team, working with a real product owner, weekly sprint demos, and formal milestone reviews — mirroring an enterprise delivery environment.
- ▶ Engineered backend APIs and business logic in Java (Spring Boot), designed relational MySQL schemas, containerised with Docker, and set up automated CI/CD via GitHub Actions.

AI-Powered Image Classification Pipeline *Python · scikit-learn · NumPy · pandas · Machine Learning* [GitHub →](#)

- ▶ Built an end-to-end ML pipeline on real biomedical data: ingestion, cleaning, model training, evaluation, and automated reporting, with structured logging and validation at every stage.
- ▶ Identified and resolved a class imbalance issue through systematic data analysis, significantly improving model accuracy across all output classes.

Social Network Analysis Tool *Python · NLP · Data Engineering* [GitHub →](#)

- Automated pipeline to ingest and analyse large-scale social media datasets using Python and NLP, surfacing actionable insights from unstructured data.

WORK EXPERIENCE

Peer Mentor | RMIT University Melbourne, VIC

Feb 2025 - Present

- ▶ Provide **20+ students** ongoing technical mentoring and first-line support to
- ▶ Diagnose programming problems (Java, C++), explain solutions clearly to non-technical audiences, and follow up end to-end until issues are fully resolved.

Customer Service Representative | Marvel Stadium Melbourne, VIC

May 2025 - Present

- ▶ Deliver front-line support for **1,000+ attendees** per event using digital ticketing and entry management systems, maintaining accuracy and professionalism under significant pressure.

Store Associate | TK Maxx Melbourne, VIC

Sep 2025 - Present

- ▶ Operate **POS systems** and manage customer transactions accurately in a high-volume retail environment; collaborate with team to maintain service quality and store standards.

Crew Member | Guzman Y Gomez / Hungry Jack's Melbourne, VIC

Oct 2023 - Sep 2025

- ▶ Managed 200+ daily orders and 150+ daily transactions; trained new team members on systems and procedures across two high-volume hospitality roles.

EXTRACURRICULAR, AWARDS & CERTIFICATIONS

- ▶ **Committee Member, FIRE+ Social Media Portfolio:** Produced digital content and managed online presence reaching 1,000+ students; coordinated club events and promotional campaigns.
- ▶ **Member, CSIT Club:** Participated in coding workshops and hackathons.
- ▶ **State-Level Chess Champion (2019);** World Scholar's Cup, Global Round Participant (2020).
- ▶ **International Exchange Program,** Kilgraston School, Scotland (2020).
- ▶ Grade 1 Trinity Rock & Pop **Keyboard,** High Distinction.
- ▶ **Certifications:** Python Programming (2022) · Digital Skills (2022) · Working with Children Check (2025) · RSA (2025).
